

TRIBAL DESIGNED BY CLODAGH FOR DU VERRE HARDWARE

PRESS RELEASE: MARCH 24, 2009

Inspired by the strong and graceful lines of Africa's traditional weaving sticks, the elegant shapes of Clodagh's new **TRIBAL** Collection translate the traditional forms of these ancient tools into a streamlined, modern expression.

TRIBAL is available in four sizes and four color ways. Available as a knob or a pull - 4", 6" and 12" - in either Oil Rubbed Bronze, Antique Brass, Satin Nickel or Polished Chrome.

TRIBAL is made from recycled aluminum for a gentler impact on our planet.

Du Verre goes 'green'. Du Verre began the transformation of its manufacturing process in 2007 reflecting global concerns about sustainability and the responsible use of resources and materials. Du Verre hardware is made from recycled die cast aluminum. This type of fabrication is environmentally friendly and causes the least amount of impact on the environment. By using post consumer recycled aluminum, air and water pollution is greatly reduced during the manufacturing process. Du Verre is proud to have adopted these progressive, clean technologies while retaining our aesthetic vision.
