

DU VERRE DESIGNER FEATURE

GOODMAN CHARLTON

THIS DYNAMIC DUO INJECT GLAMOUR AND SOPHISTICATION IN EVERYTHING THEY DO INCLUDING HARDWARE!

Du Verre Hardware is delighted to have had the incredible opportunity to work with renowned design team Goodman Charlton on the popular Marcel collection. Originally conceived for the Marcel Hotel in New York, Marcel hardware is chic and modern. Its geometric playfulness is the perfect detail to enhance the look of fine furniture and cabinetry.

Based in New York, Goodman Charlton loves to fuse retro styles with futuristic freshness to make modern interiors cutting-edge. Their design practice is well founded by a host of academic and design credentials. Jeffrey Goodman is a Magna cum Laude graduate from Harvard College and Steven Charlton is an honors graduate from Brighton School of Art in England. In 1998 they formed Goodman Charlton, their eponymous design firm that specializes in creating hotels, restaurants, residential interiors and unique furniture designs.

Their accomplishments are impressive. Goodman Charlton has recently completed several very large-scale projects including the 59 story, LEED certified Epic Building in Manhattan, the re-design of the Empire Room cocktail lounge in the iconic Empire State Building and several hotels

in both LA and New York including The Clark, The Marcel and The Bentley. All of these required a complete transformation including décor, furnishing, lighting, carpets, textiles and original art. They do it all.

Du Verre Creative Director, Gina Lubin says: "When I think of Goodman Charlton, the word glamour comes to mind. Their remarkable talent is to achieve rich interiors that evoke sophistication and luxury in highly functional, contemporary settings. I love it!"

It's no surprise they have worked for some of the most sought after celebrities from Hollywood and Rock and Roll fame. Madonna, Prince, Bruce Springsteen and Ringo Starr are among their clients.

Highly regarded by the press, their work has been recognized by House Beautiful, Vogue, The New York Times and Elle Décor.

Du Verre Hardware collaborates with extraordinary designers from all aspects of the design world to bring freshness and originality to kitchens, bathroom and important furniture.
