

# STACKED BY clodagh

Available for shipping in May 2008.

## PRESS RELEASE

SPRING BRINGS A FRESH NEW COLLECTION DESIGNED BY CLODAGH FOR DU VERRE HARDWARE

---

With spring right around the corner, new ideas abound. Du Verre is proud to present this new collection designed by Clodagh for Du Verre: The Hardware Co.

**STACKED** is an original collection of knobs and pulls. Inspired by simple elemental shapes and brought to a sophisticated level by this great designer. There is great versatility in how this collection can be used in the home, office or hospitality setting.

New techniques of die-casting add precision and a clean look to the final product.

**STACKED** is available in six styles and two finishes. Sizes include a small  $\frac{3}{4}$ " knob,  $1\frac{1}{4}$ " knob, and four sizes of pulls:  $4\frac{1}{2}$ ", 6", 7" and 12". The finishes are Satin Nickel and Oil Rubbed Bronze. **STACKED** is made from 100% re-cycled aluminum for a gentler impact on our planet.

Internationally renowned, Irish-born designer Clodagh creates environments as "art to live in". Her trademark is an inventive and sensitive use of materials. Widely recognized for her great eye and feeling for design you can live with, Clodagh has been an influential voice in the international design community. She has been honored by her peers at Interior Design Magazine as a Pioneer of the Industry and is a Hall of Fame designer. Du Verre is delighted to be collaborating with this inspiring and visionary design leader. Please visit her website for more information about Clodagh. [www.clodagh.com](http://www.clodagh.com).

Du Verre: The Hardware Co. is increasingly recognized as the leader in quality and original design for decorative hardware. Du Verre features the work of several leading design professionals including Clodagh, William Harvey, Scot Loughton, Goodman-Charlton, Jeff Goodman Studios, Christopher Smith, Heinz Pflieger and Gina Lubin.

**STACKED** will be launched at:  
**HD EXPO 2008**  
**May 15-17, 2008**  
**at the Sands Convention Center in Las Vegas.**  
**Booth number 3066.**

Catalogues, CD's, and any additional information may be obtained by contacting us through our website [www.duverre.com](http://www.duverre.com).
