Du Verre Hardware announces their award win for The Decorative Plumbing and Hardware Association's 2011 Innovative Hardware Product of the Year for their Offset C-OF01 Knob.

The 2011 award recipients were formally recognized at the 2011 DPHA Annual Conference and Product Showcase recently in San Jose, California. The annual DPHA Awards Program recognize outstanding individuals, companies, and products that embody the beauty and lasting quality that drive the excellence found throughout the decorative plumbing and hardware industry.

Designed by award-winning mosaic artist and interior designer, Erin Adams, the OFFSET Collection of original knobs and pulls is made entirely from aluminum. The collection is available in five different sizes and four finishes.

"We are honored to have this recognition from The Decorative Plumbing and Hardware Association," stated Gina Lubin, President of Du Verre. "Erin Adams is a fantastic designer and we feel the collection celebrates sustainable design at its finest."

Du Verre Hardware is a leader in quality and original design for contemporary cabinet hardware. With an outstanding roster of award winning designers, Du Verre Hardware collections are an indispensable resource for design loving consumers and professionals alike. Du Verre Hardware can be found in some of the most beautiful interiors being created today.
